June is **Pride Month**. What does this mean?

Pride Month is the celebration of the LGBTQ+ community and the LGBTQ+ rights movements.

The month was chosen to commemorate the 1969 Stonewall riots. This uprising marks the beginning of a movement to outlaw discriminatory laws and practices against LGBTQ+ Americans.

In 2021, more than 60 years after he was forced out of the Navy, the service launched a ship named in his honor.
Harvey Milk was an American politician and the first openly gay man to be elected to public office in California.

He joined the United States Navy during the Korean War. He served aboard the submarine rescue ship USS Kittiwake (ASR-13) as a diving officer. He later transferred to Naval Station, San Diego to serve as a diving instructor.

In 1955, he resigned from the Navy at the rank of lieutenant, junior grade. He was forced to accept an “other than honorable” discharge and leave the service rather than face a court-martial because of his homosexuality.

In 1978, he was assassinated by a co-worker.
