

eligibility

Applicants must be:

NREIP

- Enrolled at a four-year U.S. college or university deemed accredited by the U.S. Department of Education; students attending two-year colleges who are majoring in a field of research that is of interest to participating laboratories and who meet the credit-hour requirements may be eligible at a laboratory's discretion
- University sophomores, juniors, seniors or graduate students; freshmen are eligible to apply if they have reached the credit level of a sophomore before starting the internship
- Enrolled in a program of study that is relevant to the research interests of the participating laboratories
- U.S. citizens; permanent residents will be considered by some of the participating laboratories

SEAP

- Rising 10th through 12th graders
- Must be 16 years old at time of application
- U.S. citizens; permanent residents will be considered by some of the participating laboratories

award duration

Participants will spend a continuous 10 weeks (NREIP) or 8 weeks (SEAP) during the summer

stipend

NREIP and SEAP offers competitive stipends for its interns

NAVY INTERNSHIPS

NREIP/SEAP goals:

- Encourage students to pursue DON science and engineering careers
- Enhance education with mentoring by laboratory scientists and engineers
- Enable students to participate in meaningful STEM (Science, Technology, Engineering, and Mathematics) research
- Expose students to DON science & technology and research & development opportunities
